Command OS: v1.0 Launch Communication

Subject: Official Launch of Command OS - Monday 16th Feb 2026 ---

📧 Email to All Staff

To: All Employees **Subject:** Welcome to Command OS: A Smarter Way to Work **Date:** Sunday, 15th Feb 2026 **Dear Team,** We are excited to announce the official launch of **Command OS v1.0**, the new digital heart of Hop In Express, starting Monday, 16th February. **What does this mean for you?**

- **Faster Clock-Ins**: Use your face or simple PIN. No more paper timesheets.
- **Clearer Tasks**: Your daily checklist is now on the dashboard. Know exactly what needs doing.
- **Easy Leave Requests**: Apply for holiday directly from the app. See instant approvals.
- **Digital Inventory**: Check stock and print shelf labels in seconds.

What do you need to do? 1. On Monday, report to your Manager for a quick 5-minute setup. 2. Set up your Face ID or confirm your PIN. 3. Review the attached `Staff User Guide`. If you have questions, please speak to your Store Manager. Let's make operations smoother and smarter! **Best Regards,** Management Team ---
