Hop In Express

COMMAND OS

Launch Package
February 16, 2026

Command OS: Staff User Guide

Welcome to your new digital workspace! This guide provides everything you need to know about using the Hop In Express Command OS for your daily duties. ---

📅 Getting Started

1. Clocking In (Attendance)

Login Screen

1. Approach the **Access Terminal** on the shop floor or office. 2. Tap on your profile picture or the **Biometric** icon. 3. Enter your **4-Digit PIN** or use Face Recognition if enrolled. 4. Select **Start / Unlock**. 5. Your shift officially starts! The system logs your arrival time.

2. Your Dashboard

Once logged in, you'll see your personalized dashboard:

- **Today's Tasks**: Checklists like "Morning Cleaning" or "Fridge Temperature Log".
- **Inventory Alerts**: Items that need restocking or shelf edge labels.

- **Messages**: Important announcements from management.

3. Smart Tasks

- Tap on a task (e.g., "Clean Coffee Machine") to view instructions.
- Complete the task and strictly adhere to the schedule.
- Upload a photo if required (e.g., for "Spill clean-up").
- Mark as "Done". The system timestamps your completion.

🛒 Using the Register & Inventory

Scanning Items

1. Navigate to **Sales View**. 2. Scan item barcodes or search by name. 3. Tap categories (e.g., Tobacco, Soft Drinks) for quick access. 4. Ensure **Wait for Payment** before finalizing.

Restocking & Shelf Labels

1. Navigate to **Inventory**. 2. Search for the product by name/SKU. 3. Tap **Print Label** if the shelf price tag is missing or outdated. 4. Update **Stock Quantity** only if you have physically counted the items. Note: All stock changes are logged in the Audit Trail.* ---

🗓️ Your Rota & Leave

Checking Your Rota

1. Navigate to the **Staff Tab > Calendar**. 2. View your upcoming shifts for the week/month. 3. Use the filter to see only your shifts or the full team roster.

Requesting Leave

1. Go to **Attendance > Leave Request**. 2. Select the dates and type (Annual Holiday / Sick Leave). 3. Enter a reason (optional). 4. Tap **Submit**. 5. You will receive a notification once a Manager approves or rejects it. ---

⚠️ Troubleshooting

- **Login Failed?**: Ensure you are using the correct PIN. After 3 failed attempts, ask a Manager to unlock the terminal.
- **System Freeze?**: Wait 30 seconds. If still frozen, notify the Store Manager immediately.
- **Mistake Logged?**: Don't worry. Inform your Manager so they can annotate the Audit Log. Do not try to delete unauthorized records.
